Civilization The Six Ways West

According to him, the West rose above the Rest through the development of six "killer apps": i) a more fragmented political setting that worked to encourage competition and innovation both between and within states; ii) a predilection for open inquiry and a scientific attitude towards nature; iii) property rights and the representation of property-owners in elected assemblies; iv) modern medicine, v) an industrial revolution based on both a supply of sustained innovations and a demand ...

Book Review: Niall Ferguson's Civilization: Six Ways the West Beat the Rest. October 16, 2014. In much the same way Marxists internationalists held on to the belief that the workers' revolution would sweep the world before it, today's neoconservatives are convinced theirs is the only way forward. In this, neocons are but the most recent incarnation of the French Jacobins who considered liberty, equality, and fraternity the universal values that would create a new man devoid of ...

Civilization: The Six Ways the West Beat the Rest by ...

Work: The sixth element that enabled the West to dominate the rest was the work ethic. Max Weber famously linked it to Protestantism, any culture, regardless of religion, is capable of embracing the spirit of capitalism by working hard, saving, and accumulating capital over time .

Civilization: Is the West History? - Wikipedia

Acclaimed historian Niall Ferguson argues that beginning in the fifteenth century, the West developed six powerful new concepts, or "killer applications"—competition, science, the rule of law, modern medicine, consumerism, and the work ethic—that the Rest lacked, allowing it to surge past all other competitors.

Civilization: The West and the Rest by Niall Ferguson

Ancient Greece was one of the first important civilizations in Europe. The Classical era, during the 5th and 6th-century BC, saw the country reach its apogee and this particular period has had a tremendous influence on Western culture. Here are some of the ways ancient Greeks changed the world.

6 Ways the Ancient Greeks Changed the World

Socially, the biggest impact the Trans-Atlantic slave trade had on West Africa was a decrease in their population. Statistics, gathered from Western Civilization: A Brief History (pg145), state that the Trans-Atlantic slave trade was responsible for the forced migration of between 12-15 million people from Africa. About two-thirds of the people sold to European trades were men, the majority of ...
