The 605H is a UL listing number for Marshall Brass and later Marshall Gas Controls, both of which have been out of business for several years. There was never any connection between them and Marshall Excelsior. 605H shows up on many different model numbers, so unfortunately, we cannot say what you would need to replace it with.

Weber 2240000 Parts | BBQs and Gas Grills

It has been replaced by the JR Products High Pressure RV LP Gas Regulator (model GR-630) # 37207-30325, which is a suitable replacement. I highly suggest also picking up a tube of gas pipe thread sealant # 37207-30555 to help prevent any leaks. This can be used on all metals, plastic, PVC, fiberglass, CPVC, and nylon threaded applications.
