### Mercruiser Engine Oil Leak

Because of that, if there is any kind of leak with a sterndrive, the best thing to do is to have the entire sterndrive resealed. Oil seals in general are a wear and tear item, it depends on the hours and the usage but on average oil seal tend to last 10 to 12 years before they start leaking.

### I have a leak on my mercury alpha cruiser. I have a oil ...

it has been my experience that there are no common leaks on these engines. Oil can commonly leak from the oil pressure sender for the gauge, oil filter mount o-ring, tappet cover, valve cover, and the distributor mount. We do see quite a few engines with the timing gear cover corroded where it meets the oil pan.

### Most common oil leak on 3.0 mercruiser? - JustAnswer

Sometimes the oil filter seal sticks to the housing on the engine and doesn't come away with the filter. Then you fit a new filter with new seal. You then have two seals which causes a leak. Worth a look as it is free. . . PS That as my oil leak of the day several years ago.

### Common places for oil to leak on a Mercruiser 5.0 ...

I think I have discovered a small oil leak on my 4.3, 1999 with 300 hrs. I noticed oil appears to be seeping out around the front of the engine, either the crank seal or the bottom of the timing cover. Mine has the composite timing cover.

### BoaterEd - Mercruiser 4.3 Oil Leak

Hello all, I have an oil leak dripping from under my 2005 5.0 Mercruiser MPI it almost looks like its coming from the front area of the pan and dripping straight down but the pan itself is dry. Is there a common area or item that leaks in that area? I've looked everywhere and cant pin point where its coming from. Oh ya, it only leaks when it runs.

### Oil leak? — Rinker Boat Company

If your monitor is leaking gear lube check this first before you do anything else. #mercruiser #Mercruisermonitor #Mercruiserleaking

### Mercruiser monitor leaking gear lube. - YouTube

Motor oil leaks will hurt your engine A car engine uses motor oil to lubricate the internal moving parts of the engine such as crankshaft, rod bearings, pistons and valve train. This oil is controlled from leaking out of main engine parts by using a series of covers, gaskets and seals.

### How to Fix an Engine Oil Leak in Under 1 Hour

Look up your Mercruiser sterndrive or inboard gas engine in the left column then check the make, cylinders, serial number range, etc. to find the proper amount of engine oil recommended by Mercury Marine. Engine oil capacity is only an APPROXIMATE; ALWAYS use dipstick to determine the exact amount of oil required. MCM = Sterndrive. MIE = Inboard. Recommended marine engine oil can be found here

### MerCruiser Gas Engine Oil Capacity

Engine leaks A more serious form of internal leak would be one within the engine where the coolant, leaks into the cylinders through a leaky head gasket. This type of leak will usually show up when combustion gases are pushed into the jacket water when the engine is running and under load.
